At about 7 p.m. on 9 October, three trucks partially loaded with billeting equipment left the airfield proceeding toward Torgau. On 11 October, the guard bunkers were vacant and the radio installations in the approach lane had been removed. No rail shipments were observed in early October.	#
25X1 <sup>25</sup>	ئے۔ 5X1B	On 11 October, three gun barrels were observed in the AA gun emplacement on the southern edge of the field. Five trucks were parked near the draw well.	25X1
25X1A	1.	Comment. Alt Loennewitz airfield is occupied by a ground attack regiment and a transport regiment.	*
25X1A	2.	Comment. Elements of the ground attack regiment participated in an exercise held by the Eighth Gds Army in Thuringia. For this reason, the aircraft temporarily transferred to Schkeuditz airfield where the radio installations were erected. The trucks which were observed proceeding toward Torgau on 9 October probably also went to Schkeuditz airfield.	
25X1A	3.	Comment. The AA gun emplacement with 37-mm guns was reported previously.	Ţ
